

REMARKS

This Amendment is filed in response to the Notice of Drawing Inconsistency with Specification dated December 5, 2005. The Notice correctly indicated that there is no mention of Figure 12 in the Brief Description of the Drawings. Thus, by this Amendment, page 6 of this application is amended to include a brief description of Fig. 12 in the appropriate location. Support for the added paragraph can be found in the original specification at, for example, page 15, line 31 and the ensuing description.

It is believed that the Notice of Drawing Inconsistency with Specification has been satisfied. Issuance of this application as a patent in due course is earnestly solicited.

Should the Patent Office require anything further, the appropriate Patent Office official is invited to contact Applicant's undersigned attorney at the telephone number listed below.

Respectfully submitted,
